MEMORANDUM FOR THE DIRECTOR

SUBJECT: Dissemination of Intelligence Assumptions for Planning

1. After canvassing the requirements of the various agencies for copies of IAP-64, including the DOD requirements submitted to us by DIA, we recommend the dissemination of 149 copies of the document to recipients outside of CIA. In addition, we propose to disseminate 37 copies within CIA, and to maintain a reserve of 39 copies. Twenty-four copies of the reserve would be physically held in CIA, and 15 in DIA. A proposed dissemination list is attached, for which we request approval.

2. Although much less than for a normal NIE, the dissemination of 149 copies to recipients outside CIA is more than the number authorized for the limited distribution issues of the 11-8 series. We think this is proper because IAP-64 is not an all-source document. Also, while conscious of the possibility of its misuse, we believe that a more limited dissemination of the IAP would jeopardize our chances of gradually reducing the amount of detailed data in the NIEs.

SECRET

3. The Board of National Estimates has considered the question of whether you should seek a Presidential ruling on the number of copies to be disseminated, and believes that your letter, even without such a ruling, would serve to limit the dissemination of the document.

4. The dissemination notice printed inside the cover of an NIE normally authorizes the Assistant Director for Central Reference, CIA, to authorize additional dissemination on a need-to-know basis to departments or agencies other than the parent organizations of USIB members. Because of the limited distribution of this document, we recommend that in this case, authority for additional dissemination reside with the Assistant Director for National Estimates.

FOR THE BOARD OF NATIONAL ESTIMATES:

SHERMAN KENT
Chairman
